Description of drying rack TSH 80

Drying Rack TSH 80 provides a simple and quick drying of footwear and clothes. It can also be used for drying towels. The Drying rack has an effect of 80W and is 90 cm long. Wall mounted and can be clipped up when not in use.

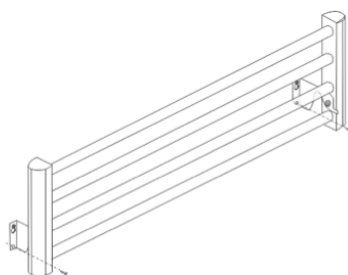

Dimensions

Name	Effect	Height mm	Length mm	Depth mm	Vare no.	El.no.	Nobb no.	GTIN
TSH 80	80W	65	900	270	21758060	54 498 19	48661506	7026572175802

Installation on wall

Level up and screw in 2 screws 825 mm apart, 300mm over the floor. Make sure that the screws are at the same height. Fix the two wall brackets to the drying rack.

Hang the drying rack on the wall on the two screws. Insert a screw at the bottom of each wall bracket and tighten all four screws.
